GUATAMALA TRAVEL ACCOMODATIONS

Lodging

Volunteers will stay in dorm-style accommodations adjacent to the Casa Materna in Calhuitz. There are 12 rooms, each containing 1-6 beds, and male and female restrooms on each floor.

The Volunteer Building - built by Impact Global Health Alliance Volunteers!

A typical dorm-style room inside the Volunteer Building.

Photos above are of a shower (left) and a toilet (right), as well as the outside of the showers (middle).

Transportation and Meals

Meals at the project site are prepared by local cooks and enjoyed in the communal dining room.

Transportation in and around the project site will be in pick-up trucks with space for volunteers to ride in the cab or standing in the back (left). Transportation to/from the project and during tourist excursions will be in private 14-passenger vans (right).
