Curamericas Global, Inc.

Annual Report

Fiscal Year 2005-2006

October 1, 2005 - September 30, 2006

May 15, 2007

To Supporters of Curamericas Global,

Our annual report, leading to our 25th year of providing life-saving assistance to children and families in Latin America, distinguishes us from many other non-profits. Not only do we list the many supporters who have endorsed our on-going efforts, but we spotlight the low overhead we strive to maintain so that supporters know exactly where their dollars go. We feel that this is a very important aspect of our relationship with our donors. We will continue to strive for complete transparency so that our supporters remain confident that their support is directed to the area they desire.

The information you'll find in this Annual Report reflects our ongoing commitment to first, remain openly in communication with our donors, and secondly, continually build on relationships, which are so important in maintaining an unbroken channel of information about our work.

As Curamericas heads toward its 25th year, I am confident that these principles of open communications, transparency of operations, and relationship-building will continue to combine with our mission to keep this important organization successful. Please contact me if you have any questions, and I hope your support of our work will continue in the years to come.

Sincerely,

Dr. John Matheson
Chairman, Board of Directors
Curamericas Global, Inc.

A health worker gives a vaccination in Guatemala.
